Blended (Online & Work Placement)

**Payment Options:**

Payment Plans & Upfront Payment

**Start Date:**

Enroll Anytime

**Recognition:**

Nationally Recognised Qualification

COURSE OVERVIEW

If you love working with animals and would like to pursue a rewarding career in the animal care industry, then this **ACM20121 Certificate II in Animal Care** qualification from the National Skills Training Institute could be an ideal course to get you started.

This **Certificate II in Animal Care** qualification, available online with work placement, serves as an optimal entry point for aspiring individuals seeking to embark on a rewarding career in the animal care and management industry.

It equips students with the necessary knowledge and skills to excel in sectors such as pet shops, animal shelters, kennels, catteries, groomers, sanctuaries, and veterinary clinics. Throughout this course, students will gain a foundational understanding of the animal care industry, focusing on ethical and humane practices. From conducting animal care work routines to providing essential first aid and assisting in animal health care, learners will acquire practical skills. The program also emphasises vital workplace competencies, including effective communication, workplace health and safety, and environmentally sustainable work practices.

The **Certificate II in Animal Care** involves a minimum of 10 full days (80 hours) work placement, which can be conducted at an approved workplace of your choice. Alternatively, practical training can be arranged at the academy at a time that suits you, or on one of a handful of dates specified by the Pet Academy if you'd prefer to do the training on campus.

This course also provides a pathway to further study in the field through courses such as Certificate IV in Vet Nursing, Certificates III in Animal Care Services and Certificate IV Animal Behaviour and Training.

ENTRY REQUIREMENTS

To be eligible for this course, you must:

- ✓ Be at least 15 years old
- ✓ Access to a Computer, Laptop or Tablet
- ✓ Internet access and email address
- ✓ Proficiency in speaking and writing in English
- ✓ Physically capable of handling animal feed and standing for extended periods of time.

ACMSPE316	Provide general care of domestic dogs
ACMSPE317	Provide general care of domestic cats

COURSE DELIVERY

Students have up to 12 months to complete the course. However, many students are able to complete their study within this time frame based upon the amount of hours dedicated to study each week.

The course program is taught using a blended approach (Online & Work Placement).

ONLINE

The course is delivered online which means students are not required to attend classes or lectures. Students will receive access to our 'Learning Portal' where they will find the course materials, interactive learning materials, videos and assessments. In addition, students will also receive a hard copy of the Learner Resource.

While studying online, students will have access to our teaching support team via email, online chat or phone. Our teaching team will help support and guide students every step on their journey.

WORK PLACEMENT

In order to acquire the necessary practical skills to successfully complete a Certificate II Animal Care qualification, a workplace-based training program (known as a Work Placement) is mandatory. Work placement can be paid employment OR volunteering. Students are required to complete a **minimum of 10 full days** of work placement.

It is the students responsibility to search and secure a work placement position that meets their location, schedule, and interests. If a student is currently working or volunteering in an animal- related business, they may be able to use their current employment or volunteering position for the workplace training.

The ideal work placement settings are kennels, catteries, day care centres, animal welfare shelters, pet shops (with access to animals), wildlife rehabilitation centers, or zoos. However, please note that access to both dogs and cats is necessary to complete some of the practical assessments. Therefore, if a student chooses a wildlife or zoo-related placement or a placement where you only have access to one species (either cat or dog), they will require an additional placement to complete their assessments.

In the animal and pet sectors, work placements are essential for students to acquire critical skills such as animal handling, animal care, effective communication with clients and customers, as well as teamwork.
